LETTER FROM

Peter

G'day travellers,

Peter Negri here, your resident adventure junkie and Director of ClubMatesTravel. Travel is back on in full swing and so are we... like never before!

We've been busy bees here at the office. We have expanded our team and stepped up our marketing and customer service efforts in order to bring our trips to as many people as we can because everyone needs a holiday... and mobility should never be a barrier.

We couldn't resist the temptation to showcase our Support Crew's fashionable red polo shirts in every possible way, and now our website and marketing materials are a red-hot display of our quirkiness and love for adventure!

We have an enormous 64 new group tour itineraries for the year! For those wanderlust seekers, international borders are open so after a rather tranquil year for overseas trips in 2023, we are heading in full throttle. Whether you're a foodie, a history buff, a nature lover or a thrill-seeker like me, we have something for everyone.

Now, I know what you're thinking - "How can I afford all this adventure?" Well, let me tell you, our Holiday Consultants are experts at helping you use your NDIS funding to achieve your travel goals. With our support, you can have the time of your life without breaking the bank.

So, what are you waiting for? Let's embark on a spectacular journey together! Trust me, it's gonna be a ripper of a time.

Cheers,

Peter Negri

Director, ClubMatesTravel

OUR Story

At **ClubMates Travel**, we believe that travel is not just a journey, but a story waiting to be written. Our story began as a safari tour company with only three staff. However, over time, the founders saw the limitations that people with disabilities have to travel because of a lack of accessible travel vehicles. In response, they started to charter their bus out for group travel to people with disabilities. In 1988, they turned their focus completely to disability travel and OzMates was born.

In 2006, Peter Negri, our Director, bought and took over the company. Peter had a simple dream in his mind that he wanted to drive a bus and help others experience adventure. As the company grew nationally, Peter started to run fully accessible inclusive holidays by 2010. To accommodate our growing number of customers, Peter purchased a brand new accessible tour coach in 2012.

In 2013, Peter changed the company name to ClubMates and expanded to offer international trips. We are proud to say that we are now the leading disability travel company in Australia with more than 70 staff both in Australia and overseas.

At ClubMates, we believe that everyone should have the opportunity to explore the world and create unforgettable memories, regardless of their physical abilities. That's why we are dedicated to making travel accessible to all, and we are honoured to have helped countless passengers achieve their NDIS goals and improve their life skills.

So, whether you're looking to join one of our exciting group tours or create a customised trip of your own, we invite you to come along with us on this incredible journey. Our story is one of adventure, determination, and passion, and we can't wait to help you create yours!

Individual Customised Trips

Do you prefer a more 1-on-1 experience? Or perhaps none of the group tours caught your eye and you have something else in mind? Look no further... we can design a customised trip that is tailor-made just for you!

We'll work with you to create a tailored travel experience, taking into account your interests, accessibility requirements, and NDIS goals. Our team of travel experts will help you plan every detail of your trip, from transportation and accommodation to activities and tours.

You call the shots:

With a customised individual trip, you're in control of your itinerary. Feel like sleeping in? Go for it! Want to spend an extra day at the beach? Let's do it! No need to worry about holding up a group of strangers.

Customise to your interests:

Group tours can be great, but you can't please everyone all the time so there might be some activities in the itinerary that aren't your thing. With a customised experience, you can choose your own adventure and feel free to change your mind.

Greater flexibility:

Group tours can be quite rigid, with set schedules and limited free time. With a customised itinerary, you can change your plans on the fly, explore at your own pace, and make the most of your precious holiday time.

Personalised attention:

In an individual trip, you get all the attention and support from your guide, without having to share them with anyone else. It's like having a personal travel concierge at your service! What's more, you will get the chance to meet them over a video call before the trip to ensure you feel comfortable with them.

Privacy and comfort:

Let's face it, travelling with strangers can be a bit awkward. During an individual holiday, you can travel with your favourite people (or just yourself!) and enjoy the privacy and comfort of your own travel bubble. Your support person will be more like a travel buddy than a tour guide.

Memorable experiences:

There is something truly special about designing your own travel experience. You will create unique memories that no one else will ever have. From discovering hidden gems to meeting locals, the possibilities are endless!

Never Forget the *Memories* you made with us

One of the best things about travelling with us is that we support you by capturing your memories through photos and videos.

After you have settled in back at home after your trip, you will receive access to exclusive footage of your holiday:

- o A Facebook album of all the photos from the trip that you can share with your loved ones
- o A collage of the best photos to print and hang in your room
- o A video of each day's activities so you can always remember what you did

"Thanks to ClubMates for the effort made in taking not only photos but so many fantastic videos from Lolita's recent holiday to the Gold Coast. It enables us to support Lolita in showing them on the big television screen in her home. It has been fantastic for Lolita, her housemates, and staff to be able to view, watch and hear all the amazing experiences Lolita enjoyed whilst on holidays."
